5-A Running on the Rez

I like running cause of the force the wind blows, the soft sand that my feet press on, the speed I like to go and the smell of the morning on the Rez.

Basketball on the Rez

I like playing basketball cause of how high I can jump, how fast I can run with the ball, how I like to hear the ball go through the air, and the smell of the sand that gets stuck on the ball.

To: Eve

Dear Eve

I hope you like my poetry cause I like stuff that have to do with outside and the smell of sand.

I See the beam of the sun and the streak of the streams. The horizon is like the light from a flashlight. The snow covers use like a bright white blanket. And we can see only nothing in the whitness of the snow. The grass is as green as a blooming tree.

My dog lucky

I have a puppy
it is better than
a guppy.
His name is
lucky, he is cute
and also softer
than a soft silk
suit.

He sometimes bite
at people but he
settles down on a cool night.
Lucky is a wiener dog
but not like an angry hog.
He is a fun dog and
a playful dog too.
Lucky sometimes cry, but
I sometimes carry him
on the thy.

He is always nice and
sneaky like a mice.
Lucky is kind but he
is hard to find.

I love him so sweet
even when he gets dirty
when he eats.

Thats why I love him.

Rideing horses is like flying
Feeling the wind in your hair
The horse galloping
a the fur of the horse
The smell of the fresh flowers
The horse neighing
And the heat of the sun
on you back.
Jumping with the horses

In the darkest night and the brightest day
I will find my home like last night

Oh Little Bear Little Bear oh Pluffand

Oh Little Bear Little Bear you blend
in with the snow on a winter day,

Oh Little Bear Little Bear you are so white
like the memory in my white eye,

Oh Little Bear Little Bear I'm sorry
I have to leave but I might see you
anywhere Little Bear.
