Dear Eve,

Patricia Davis

I see a cub in a forest.  
The cub is taking a bath in a tub.  
But first the tub has to be scrub.  
The cub also has, smells like a scum.  
But sometimes it feels like a stum.  
Otherwise it would jus be the cub.  
Sometimes the cub could be scrubing around.  
I also see a five week old cub.  
It is just being a little cub waiting  
for a bath.

Thank for the Books,

Dear Eve

I will write a picture and a story about the picture,

I would get wood and bring it into the program I would help my mom with the clothes, I would help my dad and my brothers with wood to chop, I would always run with my family. That is what I like to do with my family.

Dear Eve,

I have a horse and I wake up every morning to feed it every day, I didn't learn how to ride a horse since I was little and my dad taught me how to ride a horse and I know how to ride a horse. It was fun going to school at Red Mesa School Elementary. And I knew how to butcher at my grandma's house every weekend like Saturday or Sunday.

Dear Eve,

I first rode my horse in the summer and I didn't do so well. I fell and sprain my ankle, but I'm okay with my ankle. Also I had hard time putting on the saddle. I even got good at all the stuff I have to do. But I couldn't control the horse very well, and got good every day.

My feelings and Eves feelings

Dear Eve,

The rise of sun,  
 flowers gleaming into  
 the sun and flowers  
 smell well into the  
 air you can smell  
 the flowers into the  
 air flowers you see  
 in the sun rise,  
 flowers that you  
 feel into your  
 hand and that  
 you can see  
 alot of flowers  
 into the sunrise,  
 rise of desert  
 and I feel  
 that what our  
 feeling about yourself.  
 Feeling into face  
 when you feel  
 the air and that  
 I think of myself  
 picking fresh flowers  
 when it is sun  
 rise and I will  
 think of my ways  
 to feel flowers  
 and that you have  
 same kind of thinking  
 you have.

Sincerely,

Kristy Costana
